## Possible subjects 2013

- Exchange of experience and problems with different subjects of Monitoring and Reporting on the basis of concrete examples
  - **Uncertainty assessment** in the case of measurement instruments not subject to national metrological control (focus on category B and C installations)
  - **Unreasonable costs**
  - **Sampling plans**
- Exchange to on-site visits
- Exchange on how and to which extent the Guidance Documents are used/implemented by operators and CAs
- Exchange of other relevant enforcement questions and experiences with the approval of MP

# Support of MS by the Task Force

- Task Force publishes minutes of meetings and exchanges and - where appropriate - further working papers on SharePoint which can be accessed by every MS
- Compliance Forum Secretary contacts MS and vice versa in order to bring relevant subjects of M&R to the Task Force for exchange and discussion between MS
- MS have to invest own effort to obtain relevant information, e.g. by taking part in telephone conferences, looking on SharePoint, writing emails to the Task Force for exchanging questions and experiences etc.
