

## ETS Support Facility Overview

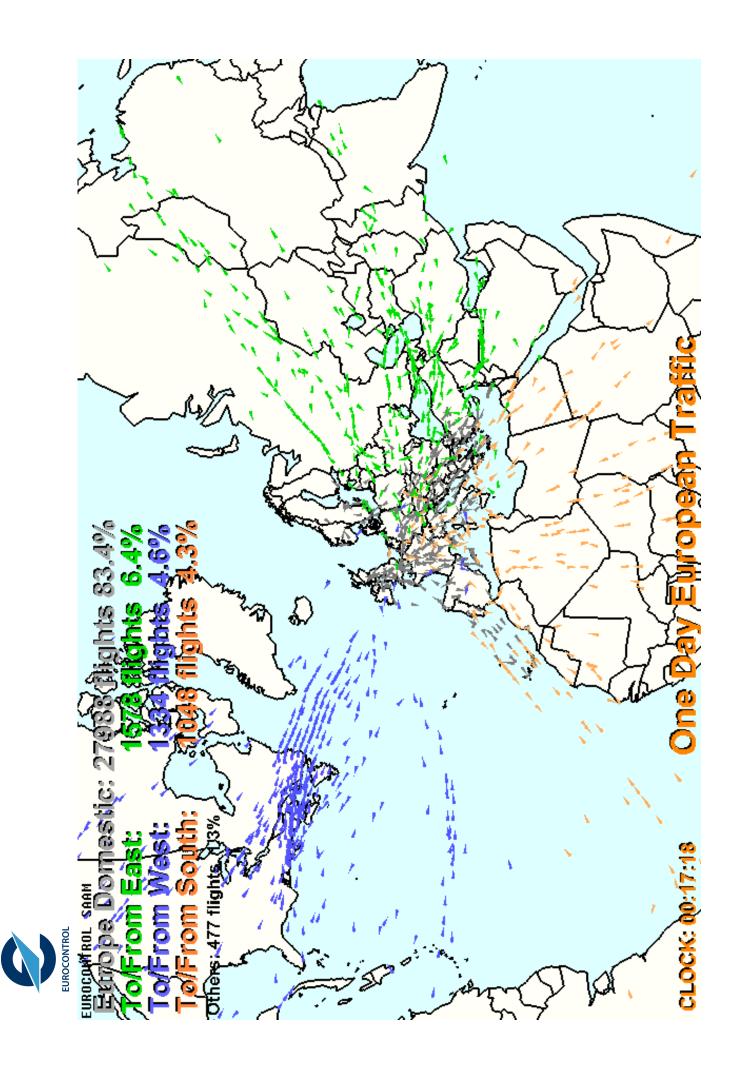

Bruxelles, 16 January 2012 Stefano Mancini

The European Organisation for the Safety of Air Navigation

### • EUROCONTROL

- Information availability and sources
- ETS Support Facility
- How can it be used
- Issues, thoughts, facts & figures

- Directive 2008/101/EC: inclusion of aviation in the EU ETS
- Commission Decision 2009/339/EC: monitoring & reporting
- Commission Decision 2009/450/EC: exemptions

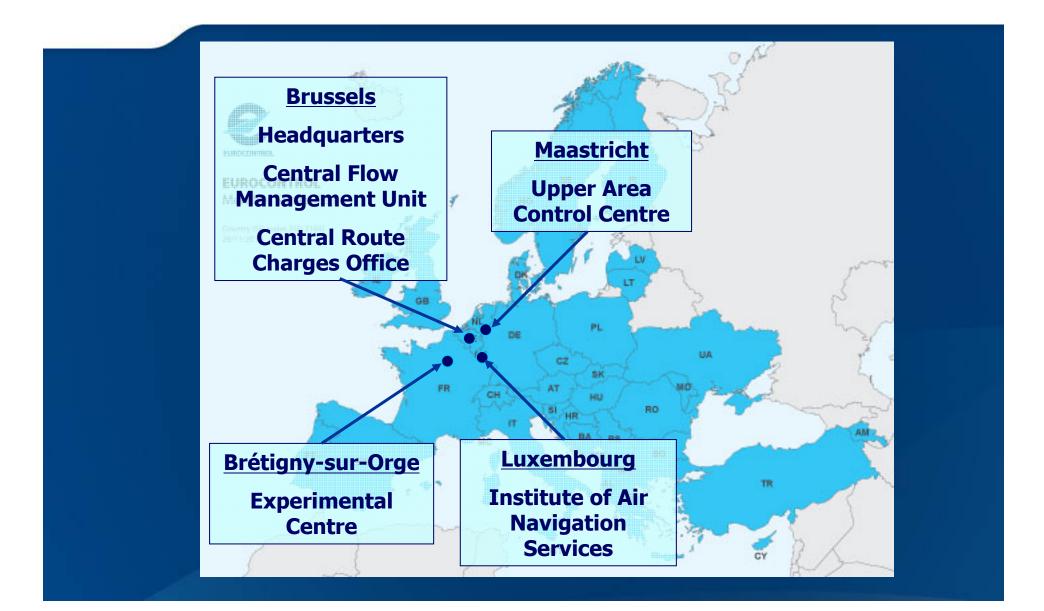

All measures refer to EUROCONTROL to possibly support the monitoring, reporting and verification processes

# 2200+ Employees in 4 Countries

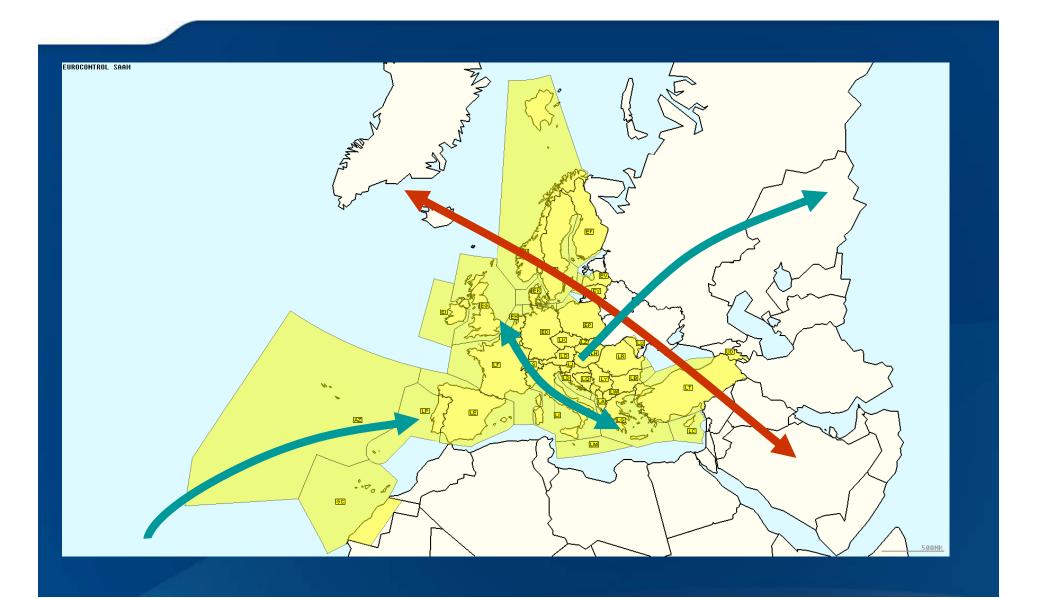

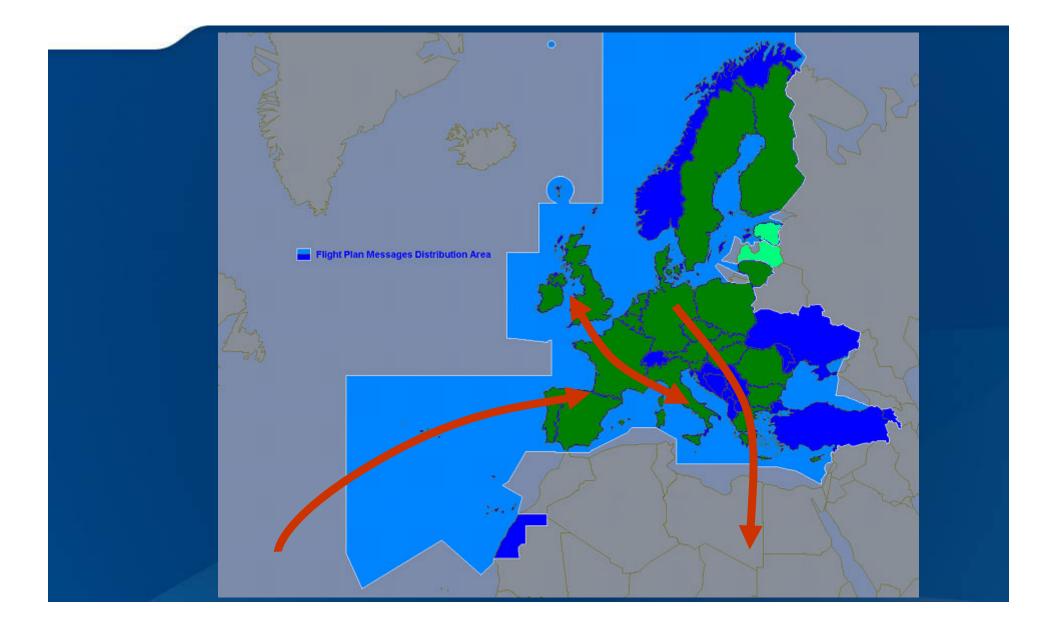

### • Flights

- Central Route Charges Office (CRCO, 1971)
- Central Flow Management Unit (CFMU, 1996)

### • Flights

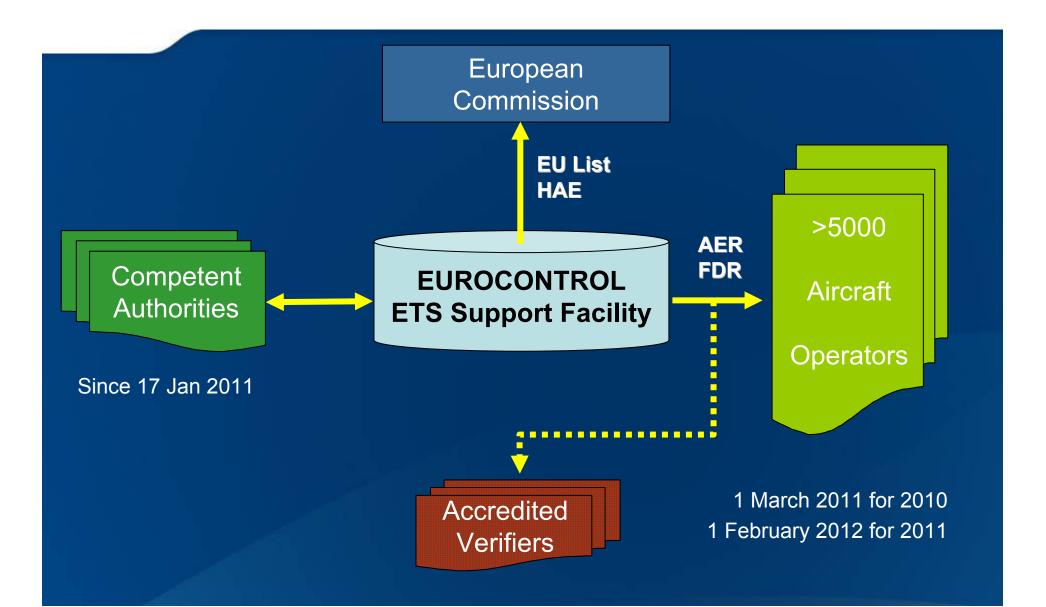

- Central Route Charges Office (CRCO, 1971)
- Central Flow Management Unit (CFMU, 1996)
- Other Aviation Information (Admin Data)
  - European AIS Database (EAD) airports
  - ICAO aircraft types, AO designators
  - CRCO fleets, (billed) operators
- Additional information needed for ETS purposes
  - Actual operator
  - Flights Estonia, France OMR, Iceland not in CRCO

CRCO tra	affic					Process 1 : reassessment of airc operators for ETS	craft

**Detailed comparison** 

Request complementary information

OK

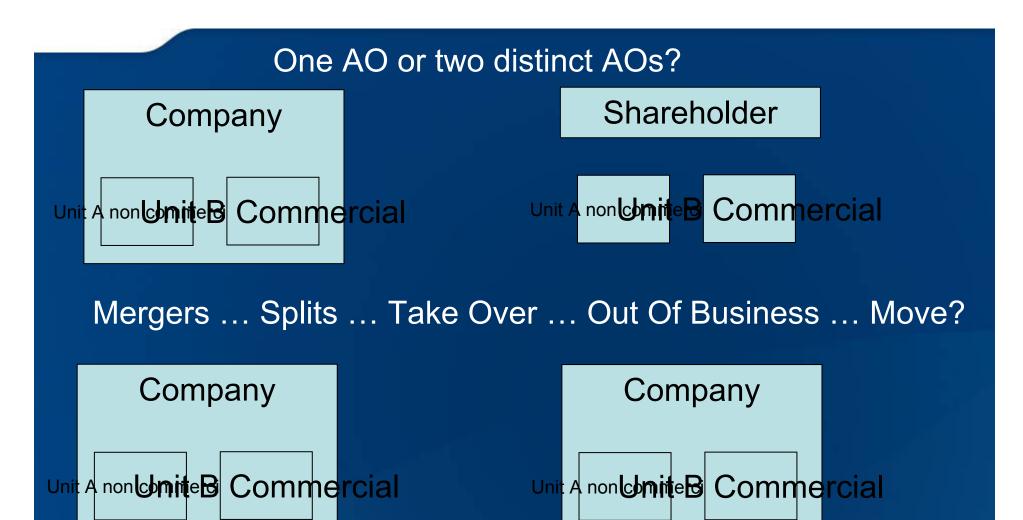

# **ON LINE - DEMO**

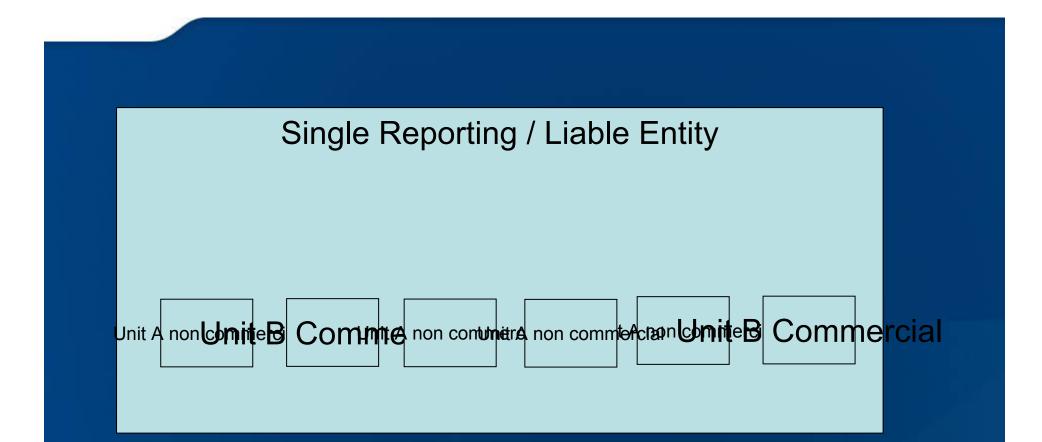

- Fleet List Management (improvement planned)
- Non CRCO traffic data
- Administration of AO admin data
  - via ETS List Support Office (tools, schedule)
  - Clarity/harmisation of rules/conditions

- No carbon leakage
- Economies of scale (cost savings)

- Availability of Monitoring Plans by CAs
- Operators on the EU list by State
- Operators who flew in 2010 (all traffic exempted, in) by State
- Operators who flew in 2011 (all traffic exempted, in) by State
