

8th EU ETS Compliance Conference

Report on break-out session 1

Inspection and Enforcement

Conclusions break-out session I (1)

- *Objective: find best way forward in ensuring integrity EU-ETS by inspection and enforcement*
- *5 introducing condensed and inspiring presentations by NL, Greece, Croatia, Hungary and Ireland.*
- *Every presentation followed up by questions to the participants to get a view on several issues regarding inspection and enforcement.*
- *Clear message: a real need for more sharing of knowledge and experiences on inspection and enforcement including capacity building.*

Conclusions break-out session I (2)

- *During inspections mistakes by verifiers are noticed, so inspections have added value*
- *Be aware of the fact that inspections are organized in different ways in different MS, so there is not one best way forward.*
- *Training events are massively supported, ensure that all parties involved can participate.*
- *Working on TF-level certainly still good option, but needs further thought on necessity, objective and possible structure.*

Conclusions break-out session I (3)

- *General message: start with training and consider seriously further steps.*

To be continued!!
