

12th EU ETS Compliance Conference 2021

Task Force Monitoring and Reporting

Doris Tharan

Main objective and activities

- Exchange of information and group discussions on individual implementation issues, research projects, ECJ rulings

♪ Harmonised MRR implementation

- Topic-specific discussions on current developments in adjacent regulatory areas and on improvement proposals based on national implementation practice

√ Inputs for MRR and COM guidance

Yesterday's Track 1 outcome

Presentation on RED II certification systems based on the Finnish implementation

- ◀ Learnt a lot concerning different approaches to implement RED II
- ◀ Invitation of experts has definitely an added value to expand the horizon

Presentation on Biomethane registries based on the Danish Implementation

- ◀ Gave an impressive overview on the already started activities in DK but also showed the known uncertainties on several topics which should be dealt with in GD 3

Presentation on Issues for GD 3 which are still be completed

To consider for next year: Build and deepen discussion based on yesterday's information (if necessary incl. experts), meeting with TF AV if we have common interest

Looking towards 2022

- > Contribution to COM GD 3 and exchange on the practical implementation difficulties and lessons learnt
- > Looking at discussions on CCU, exchange to IPCC refinements on PFC determination
- > Learning from each other under the popular agenda item “Practical implementation issues”

NEXT TF MR MEETING: **FEBRUARY/MARCH 2022**
