Task Force M&R – work program

Lisa Buchner

German Emissions Trading Authority, Section E 2.3
Compliance Forum Event,
07th of February, Brussels

Task Force M&R – objective and statistics

Task Force objective:

- discuss in an open exchange of views the questions and issues of the MRR
- aiming at jointly agreed solutions in order to
 - support national implementation of MRR in a harmonized way and to
 - provide the Commission with input for Guidance papers and FAQ
- Members: AT, BE, DE, DK, ES, NL, NO, UK, PL, SE
- Five meetings since the 3rd Compliance Conference (November 2010, January, June, November 2011, January 2012) in Berlin and London
- Outcome: working papers available on SharePoint
- Member states warmly invited to participate
- Next meeting probably in April 2012

Sharepoint

The screenshot shows a SharePoint web page titled "Compliance Forum - Communication Platform". The navigation bar includes "Home", "Compliance Conference", "M&R Regulation", "A&V Regulation", "Aviation", "Monitoring" (highlighted with an orange box), "Data Collection", "IT / XETL", "CCS", and "for Designers". The left sidebar lists various site content categories under "Documents". The main content area is titled "Monitoring - Stationary Installations" and contains sections for "Announcements" and "Calendar". The "Announcements" section lists two items: "Follow-up information to the 9th TF meeting is available now." (dated 26/01/2012 14:03) and "Next meeting on 11 January 2012, Berlin" (dated 23/12/2011 12:35). The "Calendar" section states there are no upcoming events. A yellow banner on the right reads "Compliance Forum - Communication Platform". Below it, the "Links" section indicates no favorite links are displayed. An orange arrow points from the text "TF Monitoring" at the bottom right to the "Monitoring" menu item in the navigation bar.

TF Monitoring

Fertig Internet | Geschützter Modus: Aktiv 100%

TF M&R work plan

Priority 1

- MP templates, minimum requirements including simplified MP: **UK**

Priority 2

- Uncertainty assessment for activity data (individual uncertainty assessment, simplifications, conservative adjustment factor): **DE**
- Update and recheck of the ETSGuidance on uncertainty assessment for activity data especially the list of measuring instruments: **NL**
- Calculating the frequency for analyses based on historical data (update of the ETSG Excel sheet): **NL (DE)**
- Unreasonable costs: examples: **DE**
- The content of a sampling plan: **NL (UK, DE)**
- Information about the main aspects of a risk assessment (simplified versions too): (DE, UK)

TF M&R work plan

Priority 3

- Suitable Standards (Sampling, Analyses, biomass/fossil fraction, CEMS): **UK** (DE)
- How to prove sustainable biofuels and bioliquids: (DE)
- How to prove biogas removed from a natural gas grid based on purchasing records/entry in the RED registry: **DK/DE**
- Requirements for non-accredited laboratories: **NL**
- Data gaps: **DE**

Priority 4

- MRR commitment: "...calculation on standard emission factors and biomass fraction values for mixed fuels and materials and estimation methods published by the Commission": ?
- Further explanation on significant digits: ?
- Classification of MP modifications requiring approval or not: ?
- Frequency of analyses (DE)

Thank you for your attention!
