

9th EU ETS Compliance Conference

COMPLIANCE FORUM Task Force Monitoring and Reporting

Doris Tharan, DEHSt

Main objective and activities

- Exchange of information and group discussions on individual implementation issues, research projects, ECJ rulings

♪ Harmonised MRR implementation

- Topic-specific discussions on current developments in adjacent regulatory areas and on improvement proposals based on national implementation practice

✓ Inputs for MRR and COM guidance

Summary of recent activities

Some last discussions and contributions for the ZOD option papers

Information exchange on

- ◁ current developments in adjacent regulatory areas like REDII and IPCC refinements,
- ◁ CCU and sewage sludge research projects and
- ◁ a EJC ruling on a polymer zero emissions installation.

Discussions on individual implementation issues, e.g.

- ◁ Treatment of carbonates in the production of paper,
- ◁ Recognition of biogas,
- ◁ Procedural matters, e.g. the dating of MP approval when changes are notified,
- ◁ Handling of waste incineration plants.

Looking towards 2019

- › Follow-up on adjacent regulatory areas as REDII, IPCC refinements and ISO standards, and discussion of the perspective of CCU implementation
- › Contribution to RegRevII thereto
- › Learning from each other under the popular agenda item “Practical implementation issues”
- › A repetitive and future topics: exchange of information on AER validation and on automated IT evaluation rules (plausibility and compliance checks)

NEXT TF MR MEETING: **21 FEBRUARY 2019 IN BERLIN**
