

15th EU ETS Compliance Conference

Break-out session Task Force Accreditation and Verification

Rikke Brynaa Lintrup / Susana Municio

First Agenda point

Verifier's role on implementation of energy efficiency recommendations.

Short presentation from Annette Prendergast, IE followed by discussion.

Second Agenda point

Key implementation issues and outlook to 2025 (next steps for workplan):

- Verifier's role in ETS maritime
- Preparation for ETS2
- Verifier's role on assessing biomass fuels/ RFNBO/RCF and SLCF

Verifier's role in ETS Maritime

How can the TF AV contribute to verification in ETS maritime?

- What are MS's experiences on verification in ETS maritime and how can they best be shared?
- Approaches for cooperation?

Preparation of ETS2 A&V

What preparations have you undertaken to implement ETS2?

- What preparations have you undertaken for the accreditation of ETS2 verifiers?
- What capacity building has been organised for regulated entities and verifiers?
- What information exchange and coordination have CAs set-up with other authorities and NABs?

Verifier's role in assessing biomass RFNBO/RCF and SLCF

What questions have you received from verifiers on new MRR requirements on biomass, RFNBO/RCF and SLCF?

What implementation challenges do you expect to encounter?

Final discussion point

What do you think are the most important topics to be addressed in 2025?

Thank you
