

Case No: 62345
Event No 505865
Dec. No: 169/COL/09

EFTA SURVEILLANCE AUTHORITY DECISION

of 27 March 2009

instructing the Central Administrator of the Community Independent Transaction Log to enter into the Community Independent Transaction Log the National Allocation Plan table of Norway for the 2008-2012 period of the Community Emissions Trading Scheme

THE EFTA SURVEILLANCE AUTHORITY

Having regard to the Agreement on the European Economic Area,

Having regard to the Act referred to at point 21an of Annex XX to the EEA Agreement,

Commission Regulation (EC) No 2216/2004 for a standardised and secured system of registries pursuant to Directive 2003/87/EC of the European Parliament and of the Council and Decision No 280/2004/EC of the European Parliament and of the Council,

as adapted to the Agreement by Protocol 1 thereto (hereinafter “Commission Regulation (EC) No 2216/2004”), and in particular Article 44(1) and (4) thereof,

Whereas Norway notified to the EFTA Surveillance Authority (hereinafter “the Authority”) by letter dated 25 March 2009 its allocation decision for the 2008-2012 period taken under Article 11 of the Act referred to at point 21al of Annex XX to the EEA Agreement, *Directive 2003/87/EC of the European Parliament and of the Council of 13 October 2003 establishing a scheme for greenhouse gas emission allowance trading within the Community and amending Council Directive 96/61/EC* (hereinafter “Directive 2003/87/EC”), and its National Allocation Plan table for the 2008-2012 period drawn up on the basis of Article 44(1) of Commission Regulation (EC) No 2216/2004,

Whereas the Authority finds that the notified National Allocation Plan table corresponds to the allocation decision and is based upon the National Allocation Plan notified by Norway, as revised, without objections from the Authority, on the basis of its Decision No. 504/08/COL of 16 July 2008 and Decision No. 100/09/COL of 27 February 2009,

Whereas, pursuant to paragraph 6 of Annex XIV to Commission Regulation (EC) No 2216/2004, the National Allocation Plan table notified by Norway includes the

installations unilaterally included by Norway under Article 24 of Directive 2003/87/EC. The Authority finds that the total number of allowances allocated to the installations unilaterally included corresponds to Norway's application for the unilateral inclusion in the Community scheme of the emission of nitrous oxide associated with the production of nitric acid as an additional gas and activity, as approved by the Authority in its Decision No. 101/09/COL of 27 February 2009,

HAS ADOPTED THIS DECISION:

1. The Authority instructs the Central Administrator of the Community Independent Transaction Log to enter the National Allocation Plan table of Norway for the 2008-2012 period into the Community Independent Transaction Log in accordance with the initialisation procedures set out in Annex XIV of Commission Regulation (EC) No 2216/2004.
2. The National Allocation Plan table of Norway is represented in the Annex.
3. This Decision is notified to the Central Administrator of the Community Independent Transaction Log.
