Instructions for the establishment of reduction commitments

How do you do it?

The organizations who participate in Spanish Platform for Climate Action have to **confirm** their **emissions reduction commitments** on the website.

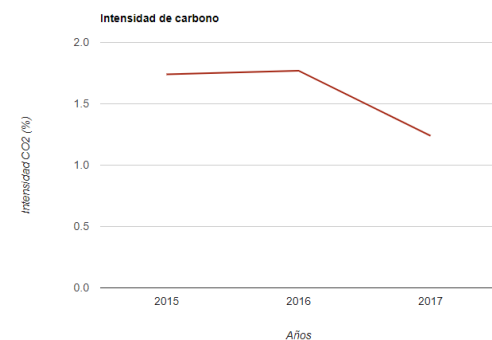

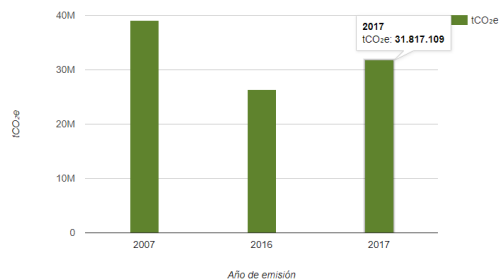

Carbon footprint reporting requires that they **input** the **data** requested by the Platform taking into account the **organisation's carbon footprint**:

- **Base year emissions**, indicating those generated in scope 1 and in scope 2 (in tCO₂e).
- Definition of the **absolute reduction targets** of CO₂ emissions in 2020, 2030 or 2050.
- **Yearly monitoring** of emissions generated

How can I participate in Spanish Platform for Climate Action?

Colaboración público privada para impulsar el cumplimiento del Acuerdo de París a través de la acción #PorElClima

11 Entidades adheridas a la plataforma

5.445.080 Toneladas de CO₂ e reducidas en 2030

MÁS INFO

ENTIDADES ADHERIDAS

accionporelclima.es

The 11 entities that currently participate in the adhered platform report a commitment to reduce long-term emissions of more than 5 million tons of CO₂ e (difference between the emissions generated in 2016 and emissions in 2030 taking into account the reduction of emissions declared by the entities committed).

If you follow the steps, you will be a member of Spanish Platform for Climate Action!!
